

# GEARS

Observe the gear set below and answer the questions.

1. Turn gear A counterclockwise(逆時針), in which direction will gear B and gear C rotate? Use the arrows (↻) to draw the direction of rotation.

2. When gear A rotates one turn in the clockwise(順時針) direction, gear B should rotate \_\_\_\_\_ teeth in the \_\_\_\_\_ direction; Gear C should turn \_\_\_\_\_ teeth in the \_\_\_\_\_ direction.
