本次輔導建議	<p>It is an important practice for the students to know what they can do once they cannot come to school. It must have taken Gabby a lot of time to record and Gabby, as usual, has done a superb job for her class. When leading the students to go through the recorded class, Gabby's humor lightened the stressful situation we have been facing because of the outbreak of the Coronovirus disease. A lot of necessary information has been given to the students. Because of the time limit, the students were not able to upload their assignment, which hopefully could be done afterwards, so the students would feel prepared for possible online classes (sigh!).</p> <p>The class went smoothly and I only have one minor concern about one activity. There are so many feeling words on the list. Instead of giving the students so many words at a time, maybe, the words can be introduced gradually throughout the semester.</p>
