Introduction

- We turn the learning of performance classes into the school day dancing.
- Each class used different props of the show.
- Every student participated in the show.

It is so hot.

We have to walk online.

Discuss the formation.

We use the floating fans.

We dance on the school day.

We wave the big flags.

We use scarfs and ribbons.

We dance with the colored balls.

We dance together.

Feedback

- In the past, sixth-grade students didn't like to dance. This year, they used props to make students more willing to participate.
- Let the students create four movements and then change the formation. Our performance is very attractive.
