- 3. teamwork to discuss a story of the photo
- 4. take some photos with the tablet
- 5. tell the photo story

# Discuss the story and the photos

# Assistant teaching

# Teamwork

# Take the photo

# Learn together

# Tell the Photo Story

# Tell the story together

# Story time

# Teaching reflection

- The students like to learn the forced perspective photography. Everyone involves in the learning.
- It is better for the students to discuss the story and the photography scene first.
- Telling stories in English is a bit difficult for the students.
- Next time we can write the scripts first, then the students take the photos with the story. Finally, they can tell the story with the photos.
