1100318-19林業文化藝術微體驗

Intriduction

- ◆ We play the recorders in the forestry cultural places in Chiayi City.
- ◆ Students use the tablet to practice taking pictures after observing the environment.
- ◆ Students need to take photos of four types: color, shape, natural object, and artificial object.

6-2 Chiayi Timber Factory

6-5 Peimen Station

6-1 Garage Park of Alishan Railway

6-4 Hinoki Village

6-3 Forest Club

Take a picture

Find the natural object

Team work

Use special effects to take pictures

Feedback

- Students learn to use different ways to see and to feel the forestry cultural places.
- Teachers use the phenomenon-based micro-experience to guide students to observe forestry cultural attractions in different types, and find that this kind of guidance is helpful to open students' minds.
- Students need to be proficient in how to use the tablet's photo album function.
