# 串珠手環教學

How to bead a bracelet

串珠手環教學步驟
steps to bead a bracelet

- 1. 我們需要2條繩子，每條大約40公分長。
- We need two threads and each thread is about 40 cm.

- **2.** 我們用打火機燒掉線的末端（請非常小心處理它們）。

- We use a lighter to burn the end of the threads (please handle them very carefully).
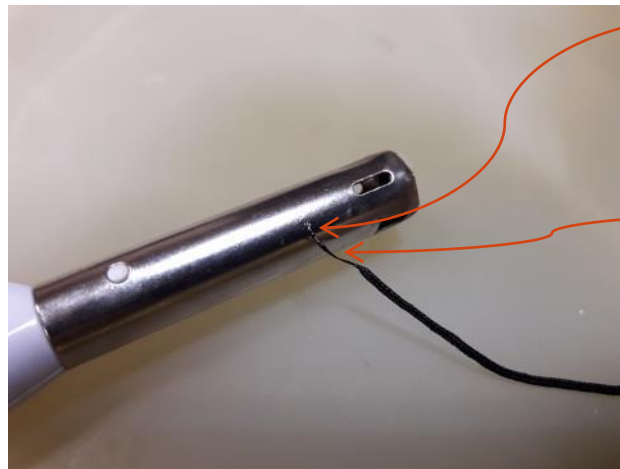

left hand holds a lighter   right hand holds a thread

- 當繩子的尾端開始熔化形成一個小球形，將小球形碰觸打火機支架，並拉出一個細線

- When the end of the thread begins to melt and form a small ball shape, take the ball shape end touches the lighter stand and pull it to make a thin line.
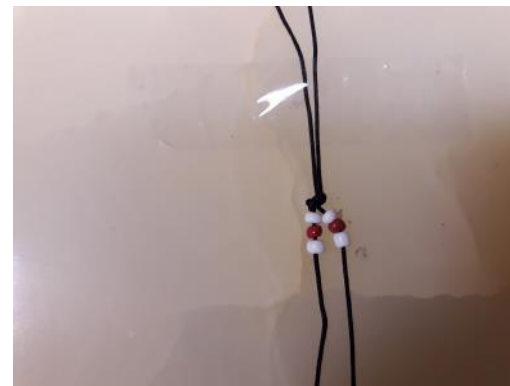

ball shape
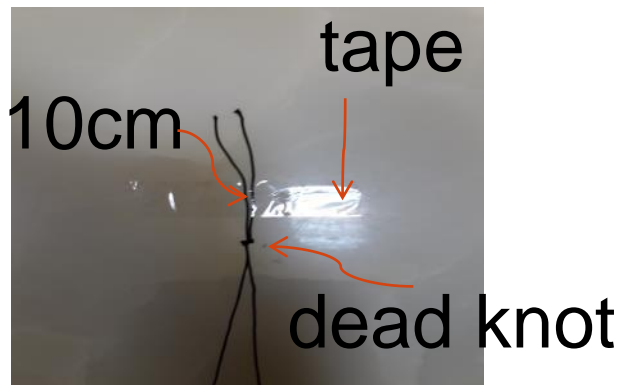

thin line

- **3.** 兩條線整齊放好，兩條線**10**公分處一起打死結。
  並用膠帶固定在工作檯上，從打結處後再開始編織。

- Put two threads together and tie a dead knot around 10 cm of the threads.

- Tape it on the table, then we can start our beading after the knot .

tape

- 4. 構思自己想要穿的圖案，選擇具原民風、及各種大小的珠子串入。

- Each student can design his/her own aboriginal style or patterns.

- **5.** 有些珠子是瑕疵品：變形、沒有孔洞、大小不一，均要挑出不用。

- We need to sort out the defective beads (such as deformation/ no holes/ irregular sizes/ small hole).

- 6. 穿好之後，將膠帶撕撕掉
- When we finish beading , we need to remove the secure tape from the table.

串珠手環教學步驟

- **7.** 將手環尾部兩端交錯(共四條線)，再跟老師拿一條繩子與四條線呈十字並放在最底下，打上6個左右對稱的平結。
- Put the two ends of our bracelet interlace with each other. Take one thread to cross under them and tie 6 bilateral symmetry flat knots.

- **7.** 最後我們可以用珠珠裝飾尾端線，完成後打上死結，並且用打火機燒尾端用來固定。

- Finally, we could put some beads at the end of the thread and tie a dead knot , then use the lighter to burn to secure the beads.

use a lighter

- **8.** 若在課堂上，學生(你)無法完成，先用膠帶固定。

- If you couldn't finish the project in time, we could use some tape to secure the project until next time.
