

The potential disaster caused by typhoons

Prepare for a typhoon

prepare

billboard fall down

mudslide

water food

x 3 days

flashlight

batteries

emergency bag

flood

protect the windows

ok

best

power off

E arthquake

When an earthquake comes What do we do

Drop

get low so you won't fall down.

Cover

cover with anything that protects your head.

Don't panic

What can we do before an earthquake

1. Put fragile things in safe places or hang them well.

2. Fix shelves or closets on the wall.

Emergency bag

Hold on

hold on to anything sturdy, like a table.
